EDUCATION

University of Colorado, Boulder

AUGUST 2023 - PRESENT

BS in Mechanical Engineering - 3.44 GPA

Expected graduation date: May 2027

PROJECTS

Retro Nightstand Clock, Boulder — *Personal*

SEPTEMBER 2024 - PRESENT

- Created a pseudo-multithreaded timekeeping system to properly drive the solenoids of the electromechanical 7 segment displays
- Ported final system onto a microprocessor to learn about peripherals
- Designed printed circuit boards(PCB) for improved electrical reliability

Hydro Homie, Boulder — *Projects Class*

AUGUST 2024 - DECEMBER 2024

- Designed and developed a smart hydration tracking water bottle with 5 other team members
- Oversaw all CAD, 3D printing, and electronic facets of the project as well as assembly of the alpha, beta, and final prototypes

EXPERIENCE

Robotics Intern, Denver — *Stridar*

NOVEMBER 2022 - AUGUST 2022

- Assembled & painted four of the newest Siderunner V4.0 vehicles
- Made detailed engineering drawings of all cables present in the robot
- Coordinated with other mechanical engineers to design a portable rechargeable power supply system for the robot payloads

Sales Associate, Denver & Boulder— *Vuori Clothing*

NOVEMBER 2022 - AUGUST 2025

- Maintained an organized and visually appealing sales floor
- Collaborated with 10+ team members to achieve sales goals

Customer Service, Denver— *CAVA Mediterranean Grill*

JUNE 2021 - MARCH 2022

- Collaborated with 5 kitchen staff to ensure timely preparation
- Maintained a clean and organized dining area

PROGRAMMING

Advanced C/C++

Advanced MATLAB

Intermediate Java

Intermediate GLSL

Intermediate Javascript

Entry-level Python

PROGRAMS

Advanced SolidWorks

Advanced KiCad

Advanced Arduino

Intermediate Git

Intermediate Onshape

LANGUAGES

Intermediate French

Basic Spanish

Basic Japanese
